

The exclusive personal insurance service

# Your Vehicles

When it comes to your vehicles, we provide professional advice, the right cover and exceptional service.

## Benefits can include:

### Agreed value

If unfortunately your vehicle is stolen or written-off in an accident, you will have the peace of mind knowing that with our Agreed Value, there will be no dispute about the pre-loss value of the vehicle.

### Comprehensive cover

You and any other named drivers automatically enjoy comprehensive insurance cover on vehicles you borrow or rent.

### We trust who you trust

If you already have a garage you trust to carry out repairs to your vehicle, then we trust them as well. You can always rely on our extensive network of reputable and trusted repair companies.

### Covering you all over Europe

If you travel to Europe, enjoy the peace of mind of Europe wide breakdown insurance as well as a 24 hour helpline service.

# Your Home, Estate and Property

Your home is an accumulation of aspirations, memories, possessions as well as bricks and mortar. Our attention to detail when appraising your property will give you the peace of mind that if the worst ever happens you can replace, repair or rebuild.

## Benefits can include:

### Confidential home appraisals

The only way to make sure we have your home comprehensively insured is to visit your home and discuss your assets and risks. Your dedicated Private Client Account Director will organise to meet you or your representative at your property to document the unique elements and finer details. This will ensure that your home and your contents are comprehensively covered.

### Extended replacement cost

This option is available through one of our insurance partners. Following our appraisal, if your home does suffer damage, our Insurer partner will cover the costs of repair or rebuild to the original condition, even if the reinstatement cost exceeds your original sum insured.

### Overseas properties

If you have property outside of Ireland, we will ensure that the correct cover is in place, especially if your property is vacant for extended periods throughout the year.
