B. Use of Data Collected:

The **Driving Data** will be used to calculate **your Driving Score**. In addition, **We** may aggregate information obtained from the data to conduct anonymous profiling and to develop **our** products and services. **Our Service Providers** will process and securely transmit the anonymised data to **us**.

The information obtained through the telematics **Device** will be used by **us** or **our Service Providers**:

- To provide **you** with data on "RateMyDrive" regarding **your** driving;
- In the calculation of **your driving score** based upon **your** recorded driving;
- Where **you** notify **us** of an accident or make a claim under **your policy**;
- When handling a claim under **your policy**;
- To create a simple pictorial reconstruction to understand the potential cause of an accident or crash involving the **car** and an **insured person** under **your policy**;
- To reconstruct a full 3D view of the seconds leading up to and during the accident or crash involving the **car** and an **insured person** under **your policy**;
- To establish an indication of expected damage caused to **your car** or cars involved in an accident or crash event;
- To provide **you** with theft tracking in respect of **your car** being stolen;

We may receive accident reports in real time from the telematics **Device**.

Our Service Provider will arrange with **you** a mutually convenient time and place for a replacement telematics **Device** to be fitted to **your Car**.

You must give **our Service Provider** and their installers access to **your Car** within 7 days of being notified of the fault or, where there are exceptional circumstances that prevent **you** from doing so, within a reasonable time.

You accept that the telematics **Device** uses the battery power supply and so there may be a small drain on **your** battery even when **your Car** is not being used. **You** accept it is your responsibility to maintain **your Car** and battery in good working order. To help alert **you** of any battery issues, **our Service Provider** will advise you if the telematics **Device** detects a low battery charge.

The collection and transmission of **Driving Data** by the telematics **Device** and the provision of the theft tracking may occasionally be impaired or interrupted by operational and/or atmospheric conditions, power failures, or other causes, conditions or events beyond **our** reasonable control or the capabilities of the telematics **Device**.

The transmission and receipt of **Driving Data** is dependent upon mobile telecommunications services, and **you** acknowledge that this service may be interrupted, circumvented, or compromised. If transmission of **Driving Data** is affected in the manner described in this paragraph; this does not necessarily mean that the telematics **Device** is defective. However, **our Service Provider** will make reasonable efforts to rectify the problem with such transmission where it is possible for them to do so.

Where there is no GPS signal the telematics **Device** has no **Driving Data** to record so any **Kilometres** driven during this time will not be included in calculating **your Driving Score**.

During the **Period of insurance**, **We** may, at **our** discretion, replace the telematics **Device** at **our** expense with another telematic **Device** providing you with at least the same functionality. This will enable **us** to ensure the telematics **Device** is updated if there are technological changes or improvements.

3. Tampering/Removal/Unplug:

The telematics **Device** has tamper controls and attack safeguards. If the intelligent alert system is triggered it will notify **our Service Provider** of any unauthorised tampering with the telematics **Device**. If necessary, **our Service Provider** will arrange for a physical inspection of the telematics **Device** to be **Carried out**.

You must not, nor may **you** allow any other person to unplug, tamper with, reverse engineer, dismantle, remove the SIM from, relocate or make any alterations, additions, or improvements to any part of the telematics **Device**.

You must not, nor may **you** allow any other person to tamper with the GPS signal that is emitted from the telematics **Device**.

Please note that tampering with or unplugging the telematics **Device** will invalidate all warranties relating to the telematics **Device** and installation, and also invalidate the insurance cover provided. Damage or loss caused by any form of tampering or non-permitted interaction with the telematics **Device** is not covered by this insurance **Policy**.

If, following an investigation, which may include a physical inspection of the telematics **Device** by **our Service Provider, you**, or anyone else is proven to have tampered with the telematics **Device, you** will be required to pay for any reasonable costs **our Service Provider** may have incurred including removing, repairing, or replacing the defective telematics **Device** or parts thereof.

Your insurance **Policy** will also be cancelled.

3.1 Impact on your policy of your telematics device being unplugged:

If your telematics **Device** is unplugged AIG may take the following action(s):

- Exclude Section 1 (A) Accidental Damage cover.
- Remove and invalidate any applicable renewal discounts that may apply to you.

We reserve the right to forcibly cancel **your Policy** should the telematics **Device** remain unplugged for more than 10 continuous days.

4. Your Driving:

Once the telematics **Device** is installed, just drive as **you** normally would. The telematics **Device** allows **us** to understand how safely **you** drive **your Car**, how far **you** travel and when **you** use it.

We use the **Driving Data** the telematics **Device** sends to **us** to provide **you** with **your Driving Score** based on how safe **We** interpret **your** driving to be. **You** can view **your Driving Score** and see how it has changed over time by signing into “**RateMyDrive**” on the portal.

As **We** collect more **Driving Data**, **We** are constantly updating the way that **We** generate all **Driving Scores**, and this can affect **your Driving Score** and any future **Driving Score Discount**.

Your Driving Score can be affected by the way other people drive **your Car** and it is **your** responsibility that **insured persons** are aware of this.

A high **Driving Score** is achieved where **We**, in **our** absolute discretion, determine that **you** have demonstrated good driving behaviour which is based on the overall driving of **your Car** including any others driving **your Car**.

Important

Only the **Policyholder** and any **insured person** named on **your** current **Certificate of motor insurance** may drive **your Car**.

5. Premium:

We may cancel **your Policy** based on the **Driving Data** obtained from the telematics **Device** if it indicates dangerous driving behaviour (for example if you are found to be driving **your Car** in **Excess** of 160kph) and **We** may cancel otherwise in accordance with the terms and conditions of **your Policy**.

On renewal **your Premium** may be increased or decreased taking into account **your Driving Score, Kilometres** driven and driving behaviour in the previous **Period of insurance** (and any other relevant terms of **your Policy**).

6. Important consequences for you from Speed Warnings:

Consequences to you where speeding detected by your Device:

- a) If the telematics **device** detects that **your car** has been driven at 160kph or over on a public road, **your policy** will be cancelled under the terms shown in General Condition 6 “Cancellation of your policy by us”.
- b) If the telematics **device** detects that **your car** has persistently been driven above the **speed limit** and **we** have given **you** at least three speeding warnings, **your policy** will be cancelled under the terms shown in General Condition 6 “Cancellation of your policy by us”. Persistently means the telematics **device** has detected a dangerous speeding event a further two times after our second speeding warning.

Dangerous Speeding Events

For the purposes of this section of the **Policy** and General Condition 6 “Cancellation of your **Policy** by **us**”, a dangerous speeding event occurs where the telematics **Device** detects that **your Car** has been driven 25% or more above the **Speed Limit** for the road being travelled on.

Examples of Dangerous Speeding Events - Where the Speed Limit is:

- 40kph, a dangerous speeding event occurs if **your car** has been driven at 50kph or over;
- 60kph, a dangerous speeding event occurs if **your car** has been driven at 75kph or over;
- 100kph, a dangerous speeding event occurs if **your car** has been driven at 125kph or over;
- 120kph, a dangerous speeding event occurs if **your car** has been driven at 150kph or over.

How do we create dangerous speed warnings?

The telematics **Device** contains multiple sensors which relay information to **us** in real time. GPS location data is used to generate speed information from **your Car** for each trip taken which is compared with the road network **Speed Limits**.

Speeding Warnings Important:

You will be given a speeding warning (as outlined below) where the telematics **Device** detects that **your Car** has been driven above the **Speed Limit**:

Speeding Warning 1:

You will be given a **speeding warning** where the telematics **Device** detects more than two dangerous speeding events (i.e. the speeding warning will be given on detection of the third dangerous speeding event).

Speeding Warning 2:

You will be given a second **speeding warning** where the telematics **Device** detects a further two dangerous speeding events after the first speeding warning.

The second speeding warning will warn you that the policy will be cancelled if you continue to speed.

Notice of Cancellation (Speeding warning 3):

You will be given notice of cancellation of **your Policy** where the telematics **Device** detects a further two dangerous speeding events after the second speeding warning.

7. Theft Tracking:

You must report the theft of **your Car** to the Gardai / Police and obtain an Incident Number, to verify a theft has taken place and **you** must report the incident to **our** claims department on 01 859 9700. **You** will be responsible for any charges in respect of storage or recovery of **your Car** by the Gardai / Police.

8. Accident Tracking:

By virtue of the existence of GPS tracking functionality in **your** telematics **Device**, **We** should be aware if an accident occurs. Where possible **We** will aim to contact **you** on the number **you** supplied to **us** when the **Policy** was arranged or renewed and will take the actions necessary to get **you** mobile again. If **your Car** is not safe to be driven, **We** will arrange for **your Car** to be taken for repair in accordance with the terms of **your Policy**.

However, **you** must contact the emergency services or report the accident to the Gardai / Police after an accident has occurred and **you** must report the accident to **our** claims department on 01 859 9700.

9. Claims:

Driving Data obtained from the telematics **Device** may be used by **us** to assess claims. If **you** have a claim during the **Period of insurance** your **Driving Score** will not be affected.

10. Driving Your Car Abroad:

In some countries while **you** are driving **your Car** abroad, **your Driving Data** may be recorded but not transmitted. If this occurs the telematics **Device** will transmit some or all of **your Driving Data** to **us** when **you** return to the Republic of Ireland. The **Driving Data** transmitted to **us** upon **your** return to the Republic of Ireland will be used in the calculation of **your Driving Score**.

11. Forcibly Cancelling Your Policy Based on Driving Data:

We reserve the right to forcibly cancel **your Policy** should the **Driving Data** from the installed **Device** in **your Car** indicate dangerous driving behaviour, such as for example, dangerous speeding, braking, acceleration, cornering, or lateral movements.

Please note the list above are only examples of dangerous driving behaviour, it is not an exhaustive list and **We** may deem other conduct to indicate dangerous driving behaviour.

If **We** force cancel **your Policy**, **We** will give you 10 working days written notice to **your** last known address. All cover will cease from that date.

We reserve the right to forcibly cancel **your Policy** should the **Device** indicate persistent speeding and **We** have given you due warning as detailed under sub-section 6 above "**Important consequences for you from Speed Warnings**".

WARNING:

If **We** forcibly cancel your Policy, it may affect your ability to obtain Car insurance cover.

Guidance if you are involved in an accident

Guidance if you are involved in an accident:

The information below is intended as a guide for **you** in the event that **you** are involved in an accident and need to report details of the accident to **your Insurance broker** and to **us** and/or to notify details of any claim to **us**.

What to do after a car accident:

Stop your **Car** as safely and as soon as possible. Switch off the engine and switch your hazard lights on. It's a criminal offence to leave the scene of an accident. Even the most minor **Car** accidents can come as a shock, so try to remain calm and take a moment to compose yourself, a few deep breaths should help with this.

Check on the others at the scene:

Check if you and your passengers are okay. Take a minute to assess the situation as you might be in a shocked state. If there's another vehicle involved check everyone is okay. If anyone is in pain or injured from either vehicle call an ambulance immediately. Avoid moving anyone who may be badly injured.

Information you should get after an accident:

Take note of all the people involved in the accident. This is important in case queries or injuries are brought up at a later stage. By law you must give your name and address to everyone involved and they must share the same with you. **You** should also exchange the name and address of your insurance company with the other party.

Ask the other driver if they are the registered owner of the vehicle. If they are not, ask who is. The **Car** may have been borrowed or could be a company vehicle. Take a note of the make, model and registration of the other vehicle(s) involved.

Note the detail of any injuries sustained on either side. Also make note of anyone who says they are not hurt. If there are any witnesses to the accident, take their names and addresses.

If possible, it is helpful to take photos of:

The damage caused to each vehicle – where the damage is, how severe it is etc.

The position of the cars on the road after the collision. This is especially important when determining who may have been responsible.

Basically, the more information you can collect, the better, as this will be helpful when the authorities are reviewing the incident. If possible, also try to note the following:

- the date,
- time,
- weather conditions,
- light conditions and
- state of the road at the incident.

Also be very **Careful** what you say after an accident. Do not apologise to the other driver, admit responsibility, or even discuss the accident at the scene. This applies even if you think you may be at fault.

What to do in a single vehicle accident:

If you have damaged another **Car** or someone's property, you should take photos of the damage so that any later claims can't be exaggerated. **You** should leave a note with your insurance and contact details somewhere that the other party can easily find them, under the windscreen wiper is a pretty handy spot. **You** should never assume that everything will just be alright and drive off without doing the above.

How to report a car accident:

Depending on the accident itself you may need to call the Gardaí and/or an ambulance, this can be done by dialling either 999 or 112. It's helpful to have somebody independent and qualified on the scene. The Gardaí will need to get involved if there appears to be drink or drugs involved or you suspect the other driver may have deliberately caused the accident. They will also need to be contacted if the other party refuses to share their vehicle and licence details, they try to leave the scene of the accident or if there are any injuries on either side. **You** are legally required to notify the Gardaí of any injuries within 24 hours of the accident. The Garda website has FAQs that deal with reporting of a crime.

How to make an insurance claim after an accident:

After you've completed the above steps and had time to catch **your** breath **you** need to notify **your Insurance broker** and **AIG** claims team of the accident. This must be done even if you're not planning to make a claim on your insurance **Policy** or if you intend to pay for the damage to the other vehicle yourself as the other party might still claim later. **You** must notify **your Insurance broker** and **AIG** claims team of an accident within 7 days.

AIG claims team will look for **your Policy** number or **your** name, address and **Car** registration number as well as the registrations of any other **Cars** involved, the name and contact details of the other driver, passengers or witnesses. **AIG** claims team will also need the other driver's insurance details, and any photos **you** took at the scene of the accident.
